BRAINTEASER

Last week's brainteaser:

The numbers in the middle column are related in some way to the numbers in the left and right columns. How are they related?

3	42	8
5	51	3
7	53	5

The winner was Alex Yarwood from 7.1. Well done Alex, please come and see Miss White in Ma6 to receive your prize. Alex's answer was 'The middle is the sides multiplied by each other, then the 2 digits in the answer are swopped'

This week's Brainteaser:

There are 6 different flavours of ice-cream, strawberry, chocolate, vanilla, mint choc chip, raspberry ripple and toffee. You get 2 scoops in a cone. How many different combinations are there?

Answers to be submitted with your name and tutor group in the Brain Teaser box in Ma6 Before Friday 24th April. Good luck!
