

# Highcliffe School Student Bulletin

Monday 24<sup>th</sup>- Friday 28<sup>th</sup> May 2010: **Week B**

*Thought for the week:*

*Those who do not study are only cattle dressed up in men's' clothes. Chinese Proverb*

**QUIET PLEASE**

Examinations are taking place in many different venues around the school until the end of June.

Please look out for the 'Quiet Please' notices and remain very quiet in these areas.

**EXAMINATIONS IN PROGRESS**

The students taking examinations will appreciate your consideration for them.

**Science Exams - Years 9 and 10:** Please remember that for your science exam -

DO BRING:	DO NOT BRING:
Pen	Mobile phone
Pencil	iPod/MP3 player
Calculator	
Ruler	

Equipment WILL NOT be lent out in the exam hall. If you do have a phone, iPod, etc. before your exam, please make sure that it is put away in your locker.

**Year 10 Work experience:** There will be a compulsory support session for any Year 10 student who has not got a confirmed work experience placement on Monday lunchtime, starting at 12.20pm in the 6<sup>th</sup> form study room (computer end). Students who do not attend this session will be asked to stay behind for another support session after school on Wednesday 26<sup>th</sup> May. Letters have been sent home to the relevant students outlining this provision. Please could students with confirmed placements return any green forms to the 6<sup>th</sup> form office as soon as possible.

**Year 9 Job Shadowing:** Please could all Year 9 students remember that they need to find job shadowing placements for Activities Week. They will be given further paperwork in the PWL lessons. Those students who do not have PWL on their timetable will get this via their tutors. You should make informal provision in the first instance and then send the envelope that has the school address on the front, with the covering letter from the school to the employer, who will post the reply back to us. You can include a formal letter of application if appropriate. Please see Mrs Finch if you have any questions.

**Car Park Entrance:** A reminder that students are not to use the car park entrance to enter or leave school. This is dangerous - please use the pedestrian gates/entrances.

**Dress Code:** a reminder that all students are expected to follow the School Dress Code.

This includes:

- No flowers in the hair
- Skirts should be knee length
- School jumpers should be worn around the school until the Headteacher states it is ok to stop wearing them. Students should ask individual teachers regarding removal of jumpers in the classroom.

**Can you beat the Goalie?** If you think you can beat ace goalies Mr Hallam, Mr Jobbins or Mr Dean, come to the field on Tuesday lunchtime! Pay 50p for 3 balls. Your money goes to Help for Heroes, a charity to support wounded British soldiers.

**Cake Sale:** Wednesday at breaktime outside the Data & Exams Office - all proceeds to Help for Heroes.

**Wanted:** do you have any old bits of rope, patches of fabric (pastel tones/dots/florals), buttons, beads, necklaces, silk flowers, wool, ribbon, braid etc that we can use here in textiles for a recycling project? Any donations would be gratefully received, please bring them down to AT7 in Da Vinci.

**Salters' Chemistry Camp Successes:** the following Year 10 students have been selected to attend a Chemistry Camp this Summer:

- Aaron Page (University of Leeds)
- Danielle Morley (University of Sussex)
- Charlotte Stone (University of Sussex)

**Aim:**

The aim of the Camps is to enable young people to explore the fun of chemistry and help motivate them into developing a long term interest in the subject and its applications in modern life. Students spend three days and two nights at the Host University, staying in the University Halls of Residence, and using the laboratories. They carry out new, exciting experiments, and have the chance to delve into areas of chemistry that are perhaps not covered at school. Further background information is presented through entertaining lectures and (often noisy!) demonstrations. In the evenings, practical work in the labs is put on the back burner, and students enjoy a variety of social activities like a fun quiz or tenpin bowling.

The Science Department here wish them a great time and look forward to hearing about their experiences in September!
