Monday 15<sup>th</sup> – 19<sup>th</sup> June 2015: Week A

### General Notices

#### **World Challenge (SNS)**

Every two years the school runs a World Challenge expedition that visits far flung places around the world. So far we have visited India, Madagascar and Vietnam/Cambodia. The students who participate have to raise the cost of the trip as well as source specific kit and make sure they have the correct inoculations. They have to develop highly effective team work skills and will manage a large budget to make sure the team have somewhere to sleep each night and are well fed over the 3 ½ week trip. This year we are travelling to Borneo at the beginning of July. Please take a look at the link below where you can see the draft itinerary for the trip as well as see updates as the group progresses around the country.

## Bar Mock Trial Competition 2015

This year, Highcliffe School has applied to take part in the Bar Mock Trial Competition. Run in partnership with the Bar Council, this competition gives students an exciting insight into the workings of the legal system and we are looking for participants!

Students, aged 15-18 years (in November 2015), work in teams to defend and prosecute two specially written criminal cases, developing their advocacy, communication and other employability and social skills. You can take on the roles of barristers/advocates, witnesses, court staff and jurors and your performances are judged by real

Be part of the largest, practical, court-based public legal education project working with young people across the UK.

**"The legal system provides the mechanism for resolving disputes about our rights and responsibilities: citizens of tomorrow need to understand the way it operates. How much better is it to do so while also developing skills in literacy, advocacy and debate? The Bar National Mock Trial Competition provides all this in a challenging and enjoyable environment. I encourage as many schools as possible to take part."**

judges and senior barristers. You will present your case against teams from other schools. First, you have to become familiar with the case and then you have to battle it out in real courtrooms, in front of real judges!

The school will put together a team of 15 students and you must be aged 15-18 in November 2015. In addition to this you will be required to attend one rehearsal after school each week and be prepared to undertake some independent preparation work in the summer holidays.

### **Not interested in performing in the competition?**

If you're not sure about performing but would like to be involved then you may consider becoming a Court Artist or Reporter. These competitions run alongside the Bar National Mock Trial Competition. They provide a unique opportunity to find out more about the work of court reporters and/or court artists. After watching one of the trials at a regional heat, the Reporter will write a newspaper article reporting on the case they have watched.

**"Thanks to the BMT I have developed a profound and very unexpected respect for the UK legal system. I now have knowledge of the different aspects involved in the trial of a case and the high levels of skill required to be successful. The experience has driven me to now pursue a career in the law whereas before I had always thought I'd be on the receiving end of a court case. Thanks for this new perspective."**
